DOCKET NO. 2018-\_\_-E

IN RE:

Joint Petition of Aiken Electric Cooperative, Inc., Inc., Tri-County Electric Cooperative, Inc., and South Carolina Electric & Gas Company for the Assignment and Reassignment of Territory in Calhoun, Lexington, and Richland Counties and Approval of Agreements to Limit Corridor Rights.

JOINT PETITION FOR ASSIGNMENT
AND RE-ASSIGNMENT OF TERRITORY

Aiken Electric Cooperative, Inc. ("Aiken Electric"), Tri-Comity Electric Cooperative, Inc. ("Tri-County"), and South Carolina Electric & Gas Company ("SCE&G") (collectively, the "Petitioners") hereby jointly petition the Public Service Commission of South Carolina (the "Commission") for assignment and reassignment of certain territory in Calhoun, Lexington, and Richland Counties and approval of agreements to eliminate "corridor rights" in the specified areas. This Joint Petition is made pursuant to The Territorial Assignment Act, S.C. Code Ann. §§ 58-27-610 to -690 (2015).

#### I. Introduction

In support of this Joint Petition, Petitioners allege and show unto the Commission the following:

- 1. SCE&G is a corporation organized and existing under the laws of the State of South Carolina. Further, SCE&G is, in part, an electrical utility engaged in the generation, transmission, distribution, and sale of electricity to the public for compensation. SCE&G's retail electric operations are subject to the jurisdiction of the Commission. Additionally, SCE&G is an electric supplier as defined by the Territorial Assignment Act. S.C. Code Ann. § 58-27-610(1) (2015).
- 2. Aiken Electric and Tri-County are subject to the limited jurisdiction of the Commission as an electric supplier as defined by the Territorial Assignment Act. S.C. Code Ann. § 58-27-610(1) (2015).

- The Commission may assign to electric suppliers areas outside the corporate limits of municipalities and that are more than 300 feet from the lines of electric suppliers.
   C.C. Code Ann. § 58-27-640 (2015).
- 4. Upon agreement of the affected electric suppliers, the Commission may reassign portions of previously assigned service areas. S.C. Code Ann. § 58-27-650(A) (2015).
- 5. The Commission has the authority to approve agreements between electric suppliers concerning corridor rights. The Commission shall approve those agreements if, after giving notice and an opportunity for hearing to interested parties, it finds the agreements to be fair and reasonable. S.C. Code Ann. § 58-27-620(8) (2015).
- 6. The Commission has previously exercised its statutory authority and assigned electric service territories within Callhoun County, South Carolina, to Aiken Electric, Tri-County, and SCE&G.
- 7. The Commission has previously exercised its statutory authority and assigned electric service territories within the affected portions of Lexington County, South Carolina, to Aiken Electric, Tri-County, and SCE&G.
- 8. The Commission has previously exercised its statutory authority and assigned electric service territories within affected portions of Richland County, South Carolina, to Tri-County and SCE&G.
- 9. The herein proposed assignment and re-assignment of territories among the Petitioners will not cause any customers to change their service; that is, no customers will be affected by the joint Petition.
- 10. Exhibit 1, attached to this Petition and incorporated herein by reference, is the "Key Map" that depicts the present and proposed assignment of territories in the affected portions of Calhoun County. This Key Map is the result of lengthy good faith negotiations between Aiken Electric, Tri-County and SCE&G to assign and re-assign various territories within Calhoun County. The characteristics of the Key Map are as follows:
  - a. On Exhibit 1, the affected portions of Calhoun County are divided into grid blocks (e.g., A3, D5). Each grid block represents a distinct portion of Calhoun County, and is described in further detail by way of additional exhibits attached to this Joint Petition. These grid blocks depict the proposed assignment and/or reassignment of territory at the street level.
  - b. On **Exhibit 1**, territory shaded in light blue is presently assigned to Aiken Electric.

- c. On Exhibit 1, territory that is shaded in dark blue is presently assigned to SCE&G or Tri-County or is presently unassigned, but the Petitioners request that the territory hereafter be reassigned to Aiken Electric.
- d. On **Exhibit 1**, territory that is shaded in light green is presently assigned to Tri-County.
- e. On Exhibit 1, territory that is shaded in dark green is presently assigned to SCE&G or Aiken Electric or is presently unassigned, but the Petitioners request that the territory hereafter be reassigned to Tri-County.
- f. On **Exhibit 1**, territory that is shaded in light red is presently assigned to SCE&G.
- g. On Exhibit 1, territory that is shaded in dark red is presently assigned to Aiken Electric or Tri-County or is presently unassigned, but the Petitioners request that the territory hereafter be reassigned to SCE&G.
- h. On Exhibit 1, the area that is shaded in purple represents a municipality; electric service within the municipality's boundary is governed by the municipality pursuant to certain franchise agreements. Therefore, electric service within this area is not affected by the Joint Petition.
- 11. **Exhibit 2**, attached to this Petition and incorporated herein by reference, is the "Key Map" that depicts the present and proposed assignment of territories in the affected portions of Lexington County. This Key Map is the result of lengthy good faith negotiations between Aiken Electric, Tri-County, and SCE&G to assign and re-assign various territories within Lexington County. The characteristics of the Key Map are as follows:
  - a. On Exhibit 2, the affected portions of Lexington County are divided into grid blocks (e.g., E2, G3). Each grid block represents a distinct portion of Lexington County, and is described in further detail by way of additional exhibits attached to this Joint Petition. These grid blocks depict the proposed assignment and/or reassignment of territory at the street level.
  - b. On Exhibit 2, territory shaded in light blue is presently assigned to Aiken Electric.

- i. On Exhibit 2, the area that is shaded in grey represents territory that, although located in Lexington County, is not a part of this Joint Petition. The previous assignments of electric service in these areas to SCE&G, Mid-Carolina Electric Cooperative, Inc., and Newberry Electric Cooperative, Inc. by Commission Order No. 2013-808 in Docket No. 2013-352-E remain and are not affected by this Joint Petition.
- 12. **Exhibit** 3, attached to this Petition and incorporated herein by reference, is the "Key Map" that depicts the present and proposed assignment of territories in the affected portions of Richland County. This Key Map is the result of lengthy good faith negotiations between Tri-County and SCE&G to assign and re-assign various territories within Richland County. The characteristics of the Key Map are as follows:
  - a. On Exhibit 3, the affected portions of Richland County are divided into grid blocks (e.g., 12, K3). - h. On Exhibit 3, the area that is shaded in purple represents a municipality; electric service within the municipality's boundary is governed by the municipality pursuant to certain franchise agreements. Therefore, electric service within this area is not affected by the Joint Petition.
- i. On Exhibit 3, the area that is shaded in grey represents territory that, although located in Richland County, is not a part of this Joint Petition. The previous assignments of electric service in these areas to SCE&G or Fairfield Electric Cooperative, Inc. remain and are not affected by this Joint Petition.
- j. On Exhibit 3, the area that is shaded in light blue represents territory that, although located in Richland County, is not a part of this Joint Petition. The previous assignments of electric service in these areas to SCE&G and Mid-Carolina Electric Cooperative, Inc. by Commission Order No. 2014-454 in Docket No. 2014-159-E remain and are not affected by this Joint Petition.

- 14. Petitioners respectfully request that the Commission assign the above detailed portions of Calhoun County in accordance with the Petitioners' negotiated agreement.

## 15. Agreement to Limit Corridor Rights in Specified Areas in Calhoun County

In the areas shown on the colored portions of **Exhibit 1**, Aiken Electric, Tri-County, and SCE&G own many miles of distribution lines that have "corridor rights;" therefore, by virtue of those corridor rights, Aiken Electric, Tri-County, and SCE&G are each able to serve new customers located in territory assigned to another.

However, in order to avoid wasteful duplication of electric distribution lines and appurtenant facilities and to better operate their distribution systems safely, Aiken Electric, Tri-County, and SCE&G have agreed that they will abandon said corridor rights and not assert a corridor right to serve a customer outside the territory assigned to that Petitioner in Calhoun County as set forth in the above paragraph.

- h. The area that is shaded in grey is not addressed in the Joint Petition; accordingly, the grey area represents portions of Lexington County that are unaffected by the Joint Petition. The previous assignments of electric service in these areas to SCE&G, Mid-Carolina Electric Cooperative, Inc., and Newberry Electric Cooperative, Inc. by Commission Order No. 2013-808 in Docket No. 2013-352-E remain and are not affected by this Joint Petition.

- f. The territory that is shaded in dark yellow is presently assigned to SCE&G or Tri-County, but the Petitioners request that the territory hereafter be unassigned.

In the areas shown on the colored portions of Exhibit 3, Tri-County and SCE&G own many miles of distribution lines that have "corridor rights;" therefore, by virtue of those corridor rights, Tri-County and SCE&G are each able to serve new customers located in territory assigned to another.

However, in order to avoid wasteful duplication of electric distribution lines and appurtenant facilities and to better operate their distribution systems safely, Tri-County and SCE&G have agreed that they will abandon said corridor rights and not assert a corridor right to serve a customer outside the territory assigned to that Petitioner in Richland County as set forth in the above paragraph.

- 22. Petitioners allege that no facilities or territories of any other electric suppliers are affected by the changes Petitioners propose herein.
- 23. Petitioners allege that each is fully capable of furnishing adequate and dependable electric service in the areas that each now serves and would serve upon the Commission's granting of this Petition.
- 24. Petitioners have considered the public convenience and necessity in their negotiations and believe the assignment and reassignment of the above detailed territories are in the public interest and assert that the Commission's approval of this Petition will be in the public interest. By making the assignments of territory in the manner described in this Petition, Aiken Electric, Tri-County, and SCE&G have given careful consideration to system economy, service reliability and good utility practice, efficiency and safety all of which support a finding that the assignment of territory set forth herein promotes public convenience and necessity. Moreover, the assignment and reassignment of these territories will avoid the duplication of utility facilities in these areas.
- 25. Petitioners respectfully request that the Commission determine this matter solely on the basis of this filing unless there are protests or petitions to intervene, and in that event, to set this matter for hearing and determination at the earliest possible date.

WHEREFORE, Aiken Electric Cooperative Inc., Tri-County Electric Cooperative, Inc., and South Carolina Electric & Gas Company, having jointly made petition to the Commission, pray that the Commission issue its order:

- 1. Accepting this Petition as filed;
- Finding and determining that the territorial assignments and reassignments as set forth in Paragraphs 10 through 25 supersedes any prior territorial assignment and that the assignments and reassignments are in accordance with the public convenience and necessity;

- 8. Amending the territorial assignment maps to reflect the assignments and reassignments requested herein.
